Invitation

I am Professor Jan Darpö at the Faculty of Law, Uppsala Universitet in Sweden. I write to inform you that the Faculty of Law has invited Assistant Professor (JD) ZHENG Yafang, Hubei University of Economics, School of Law, to participate in the conference "Environmental Law on Three Continents", which will be held in Uppsala on Wednesday to Friday 26-28 August 2015. The conference will be attended by legal scholars from China (Sun Yat-sen University, Wuhan University, Beijing University, China University of Political Science and Law, South China Agriculture University, Polytechnic University of Beijing, Southwest University of Political Science and Law and Hubei University of Economics), USA (Vermont Law School and Pace University) and Uppsala Universitet. Back-to-back with the conference, we will undertake several workshops and surveys in order to discuss different topics of environmental law, such as water management and nature conservation. All in all, the joint activities will be undertaken from 22 to 30 August. The Faculty of Law will provide financial support for the participants during their stay in Uppsala.

The conference is part of a research and lecturing exchange on comparative law that Uppsala Universitet has had with several of the Chinese Universities since 2012.

With kind regards

Jan Darpö
Professor of Environmental Law
